## OBJECTIVE

---

Aspiring AI/ML Engineer with strong foundations in Python, machine learning, computer vision, and data analysis. Hands-on experience in building ML pipelines, sentiment analysis systems, and intelligent hardware-software solutions. Passionate about applying AI to real-world problems and developing scalable, data-driven systems.

## SKILLS

---

- Languages: Python, SQL
- Libraries & Frameworks: Pandas, NumPy, Scikit-learn, OpenCV, Flask, Matplotlib, Seaborn.
- Tools/Platforms: SQL Server, MySQL, GitHub, Visual Studio Code, Jupyter Notebook
- Soft Skills: Analytical Thinking, Problem-Solving, Teamwork, Communication
- Core Competencies: Machine Learning, Computer Vision, Data Analysis, Model Evaluation, NLP.

## INTERNSHIP

---

Fluent Grid March 2026 – May 2026

End-to-End Data Pipelines to LLM Fine-Tuning Intern

• About: Worked on data preprocessing, machine learning, and predictive analytics using Python-based data pipelines. Performed Exploratory Data Analysis (EDA), visualization, and SQL-based ETL operations.

• Tech stacks used: Python, Pandas, NumPy, Scikit-learn, SQL Server, OpenCV, Matplotlib, Flask, LLM's (LoRA & QLoRA).

## PROJECTS

---

360° Feedback Sentiment Hub (AI/ML Project): December 2025

- Developed an automated OCR-based sentiment analysis system for structured feedback data.
- Applied NLP techniques to classify and analyze sentiment for actionable insights.
- Built real-time dashboards to visualize sentiment trends and category-wise analytics.
- Tech: Python, Flask, Pytesseract, TextBlob, NLP, Chart.js

Turn Signal Biking Jacket: April 2023

- Built a smart biking jacket using Arduino and MPU-6050.
- Implemented gesture-based LED turn indicators.
- Increased rider visibility by 75% in low-light conditions.
- Tech: Arduino, MPU-6050, Embedded Systems, Sensors

## EDUCATION

---

- Presidency University Bangalore, India  
Bachelor of Technology – Computer Engineering (AI & ML) Since November 2022  
CGPA: 7.64
- Aditya Junior College Kakinada, India  
Intermediate June 2020 - March 2022  
Percentage: 67%

## CERTIFICATIONS

---

- Google AI Essentials VI May 2026
- Data Science & Analytics — HP Foundation September 2025
- Angular Foundations — ScholarHat April 2025
- Advanced Reinforcement Learning — Infosys Springboard April 2025
- Intro to Supervised & Unsupervised Machine Learning — Simplilearn October 2023

## ACHIEVEMENTS

---

IEEE Conference Publication – INDIACom 2026: April 2026

- Published an IEEE conference paper titled “Government Sentiment Hub: An Information Verification and Analysis Portal” at INDIACom 2026 organized by BVICAM, New Delhi.
